COUNTY SCHOOL BOARD STUDIES NEW STATE PLAN

The question of regional superintendents of schools versus county Monday evening at the meeting of the Adams County Board of School Directors at the county superintendent of schools' office on Carlisle St.

In their discussion, the board sought without success some conclusions to present to the county school directors' convention December 7 at Littlestown. The board members agreed to ponder the matter until December 7 and then present their "best thought" on the subject when the directors of all the county's schools consider the matter.

One of the speakers at the convention will outline the proposed regional school set-up, the county school board decided and "we can assume that the speaker will favor the idea."

Lack Information

Whether the county board members will appear in opposition to the ideas of the speaker from the state department was not clear. One of the board members put it, "Are we going to swallow this thing or make some recommendations?"

The proposal generally would establish a formula of a regional superintendent for a certain number of students. In some cases the superintendency would be confined to one county, if it were large enough. In others the regional superintendent would be over several counties.

Members of the county board held that in most likelihood the change would mean having one superintendent for possibly both Adams and York counties. But

MOUNT SINGERS WILL PRESENT THREE CONCERTS

The Mt. St. Mary's College Glee Club will present a series of three concerts during early December. On December 5 the chorale group, under the direction of Rev. Fr. David W. Shaum, professor of music at Mt. St. Mary's, Emmittsburg, will sing at the annual Christmas dinner at the Kiwanis Club in Taneytown. The program will begin at 7:30 p.m. at the Taney Inn.

On December 9 the College Choir will offer its annual Christmas program in Flynn Hall on the Mt. St. Mary's campus.

Christmas Program

On December 11 the chorales will offer a Christmas program in the St. John's Church auditorium, Frederick, Md., at 8:30 p.m. The program will be presented for the benefit of the St. John's Athletic Association.

The program is as follows: Salutation by Bentz; De Animals A-Comin'; Alma Mater Melody; Comin' Through The Rye; If I Could Tell You; In My Garden; I Could Have Danced All Night; Give Me Your Tired, Your Poor; Let It Snow; Good King Wenceslaus; The Coventry Carol; The Holly And The Ivy; Jesus, Jesus, Rest Your Head; Silent Night; Winter Wonderland; Carol Medley; We Three Kings Of Orient Are; With Glory Lit The Midnight Air; and Clarity De Noel.

Unions Delay Settlement Of Longshoremen's Strike

NEW YORK (AP)—A full force of longshoremen toiled to clear cargo-choked East and Gulf Coast ports today. But legal tangles blocked an immediate renewal of contract talks with shippers and stevedore firms.

A federal court order ended a nine-day strike by 60,000 members of the International Longshoremen's Assn. Saturday. The dockers had walked out in a contract dispute with the New York Shipping Assn. More than 200 ships were tied up in ports from Maine to Texas.

Federal mediators prodded both sides yesterday to resume negotiations at once. But the union said it can't sit down for more talks until after next Monday.

Ask Order Dismissal

The delay is necessary, the union said, because it must make two court appearances on injunction actions this week.

Local Pastor Joins Kiwanians Monday

The Rev. Harry Fehl, who recently became pastor of Memorial EUB Church here, attended his first meeting as a member of the Gettysburg Kiwanis Club Monday evening. The meeting was held at Bankert's Restaurant with President Charles Graham presiding.

The monthly meeting of the club's board of directors was held after the inner session when it was decided the club again will sell ribbon candy as a fund raising project.

AUXILIARY OF LOCAL LEGION DONATES \$136

Donations amounting to \$136 were voted by members of the American Legion Auxiliary at a meeting Monday evening at the post home, Baltimore St., at which nine new members were enrolled and delegates were appointed to attend the Four-County Council meeting December 6 at Shiloh.

Eighty-five dollars will be given for the American Legion Post's annual Kiddies' Christmas party in December. Other donations include \$25 to the pajama fund for veterans and \$25 for the hospital package fund. One dollar was given to the Adams County TB Christmas Seal Fund.

Delegates elected to attend the Four-County session are: Mrs. Mary Fridinger, Mrs. Howard Hartzell, Mrs. William Pinko, Mrs. William McCrobie, Mrs. Paul Spangler, Mrs. Edgar Shellenman and Mrs. Fred Gornley. Transportation will be furnished from the YWCA at 9 o'clock that morning. Fifty-cent gifts will be exchanged at the meeting. The council includes Adams, Franklin, Fulton and York counties. Mrs. Edith Bushman, Gettysburg, president, will preside.

Christmas Party

New members are: Mrs. John Reinecker, 133 Chambersburg St.; Mrs. William Bushman, W. Middle St.; daughter-in-law of Mrs. Edith Bushman; Mrs. Elmer Reid, Fairfield; Mrs. Joseph Flinn and Miss Josephine Flinn, R. 2; Mrs. Albert Lott, Miss Cherie Lott and Mrs. Nelson Groff, all of Baltimore St.; and Mrs. Kenneth Johns, Steinhilber Ave. Plans were made to hold a Christmas party at the next meeting Monday.

TWO DIVIDE CONTEST PRIZE

As the result of each selecting 15 winners and listing identical feature game point totals, two contestants will divide the first and second prizes in the ninth and final of the weekly football contests conducted by The Gettysburg Times and 20 cooperating merchants and lodges. Willis M. Conover Jr., R. 1, and Marcella Clingan, 501 Boundary Ave., Hanover, each named 15 winners last week and forecast 20 points for the feature game. The feature game total was 14. Pitt 7, Penn State 7.

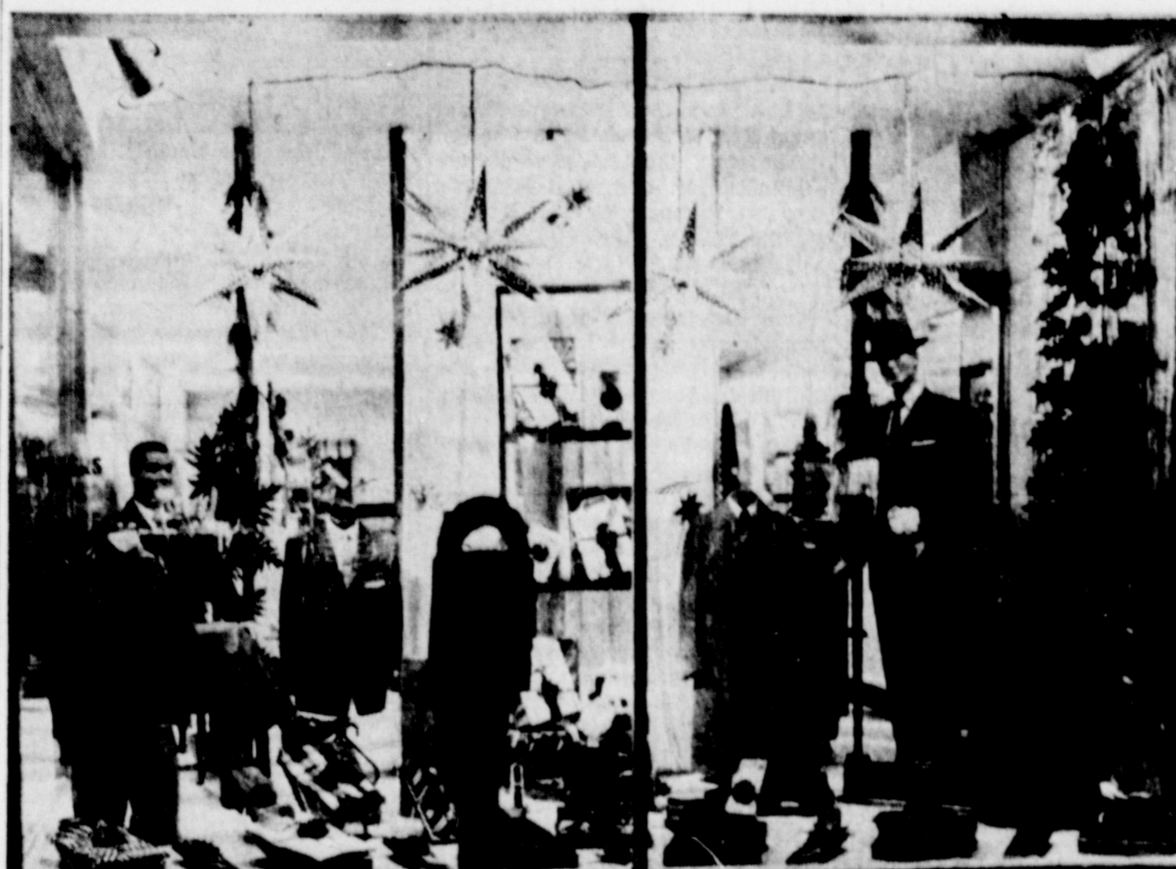

Mrs. Ruth Thompson, 148 W. High St., also correctly named 15 winners but listed 21 points for the feature game which relegated her to the third place award. In dividing the first and second prizes, Conover was a winner for the second time this fall. He took third honors in the third of the weekly affairs.

Other contestants and their number of games forecast correctly were as follows: 26, 14 correct; 38, 13; 42, 12; 41, 12; 10, 11; nine, six; eight, three; seven, three; six.

Conover and Miss Clingan will each be awarded merchandise certificates worth \$1125 while Mrs. Thompson will receive one for \$250.

Wins 1st Prize In Window Contest

This display in Pitzer's Men's Wear Shop on Chambersburg St. captured first prize of \$25 in the medium sized window division of the Christmas decorating contest conducted by The Gettysburg Times and WGET. The judging took place Saturday evening.

\$2,205 DAMAGE VERDICT GIVEN IN AUTO CRASH

After 50 minutes' deliberation Monday afternoon an Adams County jury decided that Joseph Markle, 33, Reading, must pay \$2,205.52 in damages as a result of an auto accident on May 30, 1953, near the Heidlersburg intersection of the Gettysburg-Harrisburg Rd.

The decision came at 5:30 o'clock after the jury had considered the action in trespass brought by Anna B. Moore, 54, of Waterford Conn., against Clarence Yeager, 52, Shamokin, and Joseph Markle, and a counter suit brought by Clarence Yeager against Mrs. Moore and Mr. Markle.

The accident occurred, according to the testimony, when Mrs. Moore, a practical nurse at the New London, Conn., Naval base, slowed to permit another car to cross the Gettysburg-Harrisburg Rd. at Heidlersburg. Yeager said he slowed behind Mrs. Moore and that Markle, following Yeager, struck the rear of Yeager's car and drove it into the Moore sedan. All of the cars were traveling south.

Four Are Paroled
Mrs. Moore, who was injured in the accident, was awarded \$1,400 by the jury to cover the repairs of her car and medical expenses and pain and suffering. Yeager was awarded \$805.52, the cost of the damages to his car.

Markle was reported to be the only one of the three drivers who did not have collision insurance on his car. Four men were placed on parole by the court during the afternoon. All were being held in jail because of inability to pay fines, or costs, or restitution.

Robert H. Hubbard, 34, 230 York St., was placed on probation for 90 days during which he is to make restitution of \$56.50 and pay costs of \$92.80. He had been sentenced September 1 to 60 days in jail and ordered to pay the restitution and costs.

Awards Presented By Cub Scout Pack 73

Cub Scout Pack 73 held its monthly pack meeting Monday evening at the Presbyterian Church with 85 Scouts attending. Treasurer Robert Hartman gave a favorable report on candle sales.

Cubmaster R. E. Bruce presented the following awards: Bobcat, H. Sheldon Lear, Wayne Hill and David Gorman; Wolf, Tommy Rose and "Sparky" Hung; Lion, Barry Keckler; Gold and Silver Arrow, Barry Keckler; Denner, Jimmy Rose and David Rice.

The dens were congratulated on their displays pertaining to November's theme, Puerto Rico. Some of the dens also reenacted some of the activities which take place at the weekly den meetings.

Cubmaster Bruce announced that the next committee meeting will be held at the home of Mr. and Mrs. Thomas Ziegler, Steinhilber Ave., next Tuesday at 7:30 p.m. at which time plans will be completed for the Christmas party.

WILL TURN ON XMAS LIGHTS SATURDAY AT 6

Gettysburg's street decorations for the Christmas season will be illuminated Saturday evening at 6 o'clock it was announced today by David Blocher, president of the Retail Merchants' Association which is handling the decoration work. Workmen today were continuing the erection of strings of colored lights. Placing of evergreens and the familiar Yuletide figures about Lincoln Square lampposts was begun last week.

The Retail Merchants already have received contributions from 83 business places and individuals for the street decorations fund in response to letters they mailed to 323 local business establishments and Gettysburg residents inviting them to contribute to the fund.

Have Special Fund
President Blocher said the donations go into a special fund and any sums not used for this year's decorations will be held for the same purpose next year.

This list of contributors was announced by the Retail Merchants: Robert Snyder, Anna S. Bierer, Chritzman's Jewelry, Sherman's Clothing, W. T. Grant Company, Mr. and Mrs. Guyon Buehler, John H. Baschore, MacDonald Company, (Continued On Page 2)

Russia Again Interferes With Traffic Into Berlin

FRANKFURT, Germany (AP)—Western officials refused today to say whether they considered serious the sudden Russian interference with movement of allied military trains in and out of Berlin. The Russians turned back a British train from Berlin to the West Sunday night, held up a U.S. train two hours and delayed another U.S. train last night.

What the Russians were demanding was not clear. Allied officials said only that the Soviets had introduced new document procedures.

Russia's action in demanding new formalities at the frontier between East and West Germany aroused mild fears last night that the Soviets might wish to interfere with the free access of the Allies to Berlin.

Had Guaranteed Movement
The free movement of Allied military trains through Communist East Germany was guaranteed by Russia in a four-power agreement

129 COMPLETE LEADERSHIP COURSE HERE

Representatives of nine denominations were among the 129 persons who received credit cards for completing requirements satisfactorily in the annual Adams County Leadership Training School which concluded its 1956 sessions Monday evening at the Gettysburg Church of the Brethren.

Deans of the school, which was conducted under the auspices of the Adams County Council of Christian Education, were Luther M. Lacy and R. R. Starnes. Mrs. Glenn Simpson was the registrar. School sessions had begun October 22 and were held each Monday evening.

There were 146 paid registrations for the school and the average attendance each Monday evening was 90.2 per cent. The Rev. Robert Knechel, president of the board of directors of the school, described it as "one of the better schools of recent years."

40 Churches Represented

Forty churches from all sections of Adams County had representatives attending the school. They represented these denominations: Lutheran, Brethren, United Brethren, Methodist, Church of God, Evangelical and Reformed, Evangelical United Brethren, Presbyterian and Mennonite.

Students praised the faculty members and during the social hour that followed Monday evening's closing session requested that the same faculty be secured for the 1957 school. The board of directors expressed appreciation to pastors and superintendents of church schools throughout the county for their "interest in promoting and attending this school."

Faculty members were Mrs. Meredith Germer, Miss Anna Kepner, Rev. Amos Meyers, Dr. Harvey D. Hoover, Rev. Robert E. Breth, Prof. Charles Rowland and the Rev. Robert W. Knechel.

PRESIDES AT YORK

Adams County Judge W. C. Sheely will sit in York County common pleas court today and Wednesday when testimony is taken in an equity suit developing from a real estate transaction. Judge Sheely was assigned to preside by Chief Justice Horace Stern, of the State Supreme Court, after York County Judges Ray P. Sherwood and Walter I. Anderson disqualified themselves.

DECEMBER 17 IS DATE OF COURT HEARING ON SITE

December 17 at 10 a.m. was set Monday by the Adams County court as the time for a hearing on the District to sell 10 acres and 55 perches of county land to the Gettysburg School Authority for construction of an elementary school.

The land is section of the county home property adjoining E. Broadway extended.

According to the petition presented the court by the Adams County Institution District, the district signed an agreement to sell the property for \$45,000 to the school authority on November 21. A down payment of \$500 was made by the authority at that time.

May Sow Field

If the court approves the sale the school authority will pay \$44,500 to the county Institution District on or before July 15, 1957, when the deed to the property is turned over to the school authority.

If the court dismisses the petition the county is to return the \$500 down payment minus costs of the proceedings.

According to the agreement, the county has the right to sow oats in the field in the spring and to harvest the crop. The school authority is to pay the county for any damage that may occur to the oats crop before it is harvested, provided such damage is caused by the authority's employees or officers entering the field for surveys or work.

County Can't Lose

The agreement also provides that the school authority must build a school within five years, or resell the property to the county for \$45,000. It also provides that if the school authority should decide that it does not wish to construct a school on the site it must resell the land to the county for \$45,000. In either case, if there is a resale, the school authority must reimburse the county for loss of crops that could have been grown on the ten acres during the period it was in the school authority's possession.

The petition was signed by the county institution board, E. Donald Scott, J. Blaine Bushey and George E. Kane. The petition also bears statements by Harry D. Ridinger and John H. Baschore, who state as persons knowing property values that \$45,000 is more than could be obtained for the land at public sale.

KRANIAS, LANE TO PLAN FOR CD RADIO HOOKUP

Appointment of Charles Kranias as county Civil Defense radio officer and Walter B. Lane as county CD communications officer was announced by the Adams County CD Director William G. Weaver Monday evening following a three-county regional Civil Defense meeting at the engine house on E. Middle St.

Nelson Stover, York, area CD radio officer, called upon Adams county to establish a CD radio network during a talk on the Radio Amateurs Communications Emergency Service program. CD Central Area Director Robert Stummel, Lewistown, said at the meeting he hopes RACES networks can be established in every county of the central area within the next six months.

Stummel said the "use of amateur radio operators, fire company networks, and radio networks maintained by utilities, taxi companies, etc., in time of emergency proved itself in connection with the floods in the Poconos area when the only communications means open for several days was one amateur operator, who worked around the clock to keep messages for aid flowing out of the area." The CD RACES networks include all of the shortwave communications facilities in a county, Stummel said. He added that under the program (Continued On Page 2)

John C. W. Riddle, supervisory park ranger stationed at the Gettysburg National Cemetery, is attending a building fire control training school at Roosevelt-Vanderbilt National Historical Sites at Hyde Park, N. Y. The training session opened Monday and will continue through Friday.

Instructors are from the New York state division of safety, bureau of fire mobilization and control. The training covers control of fires in buildings.

SAYS HARD WORK LIFTS LEADERS ABOVE CROWD

"If you wish to be a leader you must pay the price," W. Miller Bennett, vice president of the Indianapolis, Ind., told the local Rotary Club at its meeting Monday evening in the YWCA.

"To get along in the world you must know something about something. The world is crowded with people who know nothing about anything in particular. But if you wish to know something about something, even just a little more than the crowd, then you must pay the price. You must work to gain that knowledge. As was aptly expressed years ago 'In this world you don't get nothin' for nothin' but nothin.' Successful men are not supermen, they just work a little harder than the rest." Bennett said.

"If you hope to rise above the masses you must have faith in yourself, faith in a power outside yourself and faith in the law of averages." The outstanding example of faith in oneself and how it works was Harry Truman in 1948, when he re-elected himself president of the United States.

9-Word Formula

"You must have a faith in a power outside yourself. No man can become a great artist or even a good salesman unless he has a philosophy hewn out of optimism. Walter Chrysler became famed throughout America. He attributed his success to a nine word formula given him by his father, a railroad engineer. The formula was 'know the way, pay the price, keep the faith.'"

"And you must have faith in the law of averages. If Babe Ruth had been discouraged each time he struck out he would never have become America's home run king."

Hold Services For Blaine G. Walter

Funeral services for Blaine G. Walter, well-known Biglerville garage man who died last Friday evening while visiting at his daughter's home in Bath, N. Y., were held this afternoon at 2 o'clock at the Dugan Funeral Home in Bendersville. His pastor, the Rev. Dr. Henry W. Sternat, Biglerville Lutheran pastor, officiated. Interment was made in the Biglerville Cemetery. The pallbearers were Ralph Taylor, William Swisher, Roy Himes, Dale Guise, Frederic Griest and Edward Bowers.

Fraternal affiliations of Mr. Walter not previously listed included membership in the Gettysburg Lodge of the Elks and in the Volunteers of the Coast Guard. More than a score of members of the Elks lodge attended the Monday night viewing at the Dugan Funeral Home.

SAYS COMMIES HAVE CONTROL OF MEDICINE IN "RED CHINA"

Dr. Gerald K. Doo, Warner Hospital surgeon and native of China who was educated in that country and in the United States, described "Western Medicine" as it is practiced in the Orient at a meeting of the hospital Auxiliary Monday afternoon at 2:30 o'clock in the hospital board room.

Introduced by Mrs. Chester Jarvis of the hospital staff, the speaker, who did graduate work at the University of Pennsylvania, said that "medicine is controlled by the Communists in China." He said, "Doctors, who were once concentrated in allies, have been distributed over China at the will of the new regime which may be good for the people but destroys the physician's chance to practice where he wishes."

"Medical students in China are students only. They do not work to put themselves through school as in America. Teachers in the medical schools are foreign or have been trained in foreign schools. The students must know English, French, German and other languages besides Chinese in order to keep up with his classes. It is difficult to write a medical term in Chinese once it has been learned in English as the terms are so different. When the student is graduated from medical school he automatically receives a medical license. He doesn't have to take an examination."

People Fear Hospitals

Dr. Doo said that hospitals in China are operated by the government and that missionaries have set up very fine hospitals. "There are no medical auxiliaries and there are more free patients and wards than private rooms. The poor people hesitate to approach the hospital partly from lack of funds and partly from fear. They wait so long to enter as a patient (Continued On Page 4)

U.N. Delegates Oppose Paying For Clearing Of Suez Canal

UNITED NATIONS, N.Y. (AP)—Revolt spread among U.N. delegates today against footing any part of the bill for clearing the Suez Canal.

Spearheaded by Russia, diplomats of varying political hues, served notice they saw no reason why bystander nations should clean out the ships and bridges sunk in the waterway by Egypt's invaders or the defending Egyptians.

Some delegates felt Britain, France and Israel should pay the entire bill. Others thought it should be covered by the owners and users of the 103-mile waterway.

The General Assembly approved over Soviet bloc objections a 10-million-dollar grant to pay initial costs of the emergency police force in Egypt.

Reds Demand Payment

Russia had insisted that Britain, France and Israel should pay the costs of both canal salvage and the emergency force. But the 79-nation Assembly, voting 52-9 with 13 abstentions, authorized Secretary General Dag Hammarskjöld

to draw up to 10 million dollars from the U.N. working capital fund for the expenses of the force.

The Assembly must decide later how the money will be repaid to the capital fund. Hammarskjöld had proposed first that the cost be shared by all U.N. members on the same percentage basis as the annual budget. Later he revised the request and left the apportionment to the Assembly's financial committees.

Egypt rejected an offer by Britain and France to help in the clearance job and demanded that work not start until all British (Continued On Page 3)

Airliner Hits Mountain Near Caracas; 25 Die

CARACAS, Venezuela (AP) — A Venezuelan airliner on a nonstop flight from New York crashed into a cloud-shrouded mountain less than two miles from the Caracas airport today and all 25 persons aboard were killed.

The wreckage burned.

The plane, a Constellation of the Linea Aeropostal Venezolana, carried 16 adult passengers, 2 infants and a 7-member crew headed by pilot Marcel Combarbert, 34.

Search parties found the blackened ruins high in 6,000-foot mountains in an area known as Boes Chica, between Gallipan and Paeelon peaks.

Near Landing

The last radio message received from the Constellation, at 3:05 a.m., reported it was about 10 minutes from a landing at the Maiquetia Airport. It had left New York's Idlewild Airport at 10:10 last night and was due in Caracas at 7:30 a.m.

The first report in Caracas was that only 18 persons were aboard — 11 passengers and the 7-member crew.

Last June 20 another Venezuelan airliner plunged flaming into the Atlantic Ocean off the New Jersey coast, taking 74 lives in the world's worst disaster on a regular airline flight.

One shortwave station is set up as a central station and that CD matching funds are available for emergency generators to keep the station on the air when all other power had failed.

To Plan Network Here

Under arrangements made Monday evening CD Director Weaver, Kranias and Lane will meet with Stover in the near future to plan a RACES network for the county.

Approximately 30 were present for the session held for York, Franklin and Adams County CD officials. Stimmel outlined to the group articles available through the federal armed forces surplus goods distribution plan under which numerous articles can be purchased at "a few cents on the dollar." The sales are made through a warehouse in Harrisburg and Adams County has been assigned the first Friday of the month as its date to secure such supplies through County CD Director Weaver or through the deputy CD directors named for the boroughs and townships. Weaver said he planned to go to Harrisburg December 7 "to see what is at hand." Stimmel urged the CD officials to "use your imagination to use what is available. Old parachutes that would be unusable as parachutes can make good bandages, and similarly there are many articles that can be converted or used in many ways so that you can meet CD needs at low cost."

Hugh Hoke Speaks

Hugh Hoke, of the office of the State Council of Civil Defense, spoke on the federal matching funds by which numerous Civil Defense articles can be obtained. He illustrated methods of filling out applications for CD matching funds and urged those interested to file their applications prior to the end of the year "because next year it may be more difficult to obtain the matching funds."

In response to a question, he said that changes can be made in applications once approved provided that total cost does not exceed the amount allocated originally. The question was based on a request of a county district for a fire siren. After the large siren was approved it was found that several smaller sirens would give better cover of the alarm area.

School Problems Discussed By PTA

A panel discussion on "Problems of Our Children and What We Are Doing About Them" was held Monday evening at a meeting of the Lower Adams Parent Teachers' Association at New Oxford.

Among speakers were Supervising Principal Charles Taylor who spoke on crowded conditions in the schools; Levere Breighner, who spoke of transportation problems; Philip E. Alwine, who spoke on financial problems of the schools; and Miss E. Elizabeth Rutledge, supervisor of special education for the county who spoke on "Programs for the Gifted." She urged PTAs and school boards generally to consider a program for gifted children as "paying dividends." We have started a program for the retarded, but so far we have done nothing for our gifted children." She urged PTAs to consider, underwriting extension courses for teachers on special courses for gifted children.

The Austrian Cabinet was informed that 2,592 more refugees escaped into this little country last night, bringing the total close to 90,000 since Hungary's freedom revolt began.

MEDICAL CARE COSTS UP HERE BOARD IS TOLD

The cost of medical care for Adams County residents receiving assistance funds has increased in the last year as has the number of persons receiving assistance although the number of cases on the assistance rolls is unchanged from a year ago, the members of the Adams County Board of Assistance learned Monday evening at their December meeting in the board offices on N. Washington St.

Mrs. Verna H. Myers, the board's executive director, reported on the total medical program in the county for the year ending July 31, 1956, including medical, pharmaceutical, dental, nursing and clinic services. She said the total cost was \$23,152 as compared to \$21,236.73 for the year before. The monthly average in the last year was \$1,929 as against \$1,769 for the year before.

The average cost per patient showed an increase to \$10.32 from \$9.26 for the same comparable periods and the cost per patient in the last year was \$2.45 as against \$1.92 for the year before.

Board Given Reports

Mrs. Myers said the current case load is 487, the same as a year ago, but those cases represent 801 individuals now instead of the 755 involved a year ago.

Five staff members submitted written reports to the board on sessions of the Pennsylvania Welfare Forum they attended at Franklin and Marshall College at Lancaster November 1. Mrs. Henry T. Bream as chairman of the forum's executive committee presided over the opening session and Judge W. C. Sheely presided over a panel on juvenile delinquency. The forum's theme was "New Relationships between State and Local Agencies" and there were panels on mental health, services to children and families and services to the aging, in addition to that on juveniles.

The reports were submitted by Mrs. Bream, Mrs. James Parry, Roland Kime, John Kendelehr and Theron Baschore.

Chairman S. E. Krichen presided Monday evening with these board members attending: Mrs. J. Kermit Herter, Miss Sylvia Klunk, Allen S. Stauffer, and Clyde L. Kennedy and Mrs. Myers, the executive director.

LOCAL YOUTH IS ARRESTED

Police Chief Frank Stoerzinger, Mt. Holly Springs, arrested two motorists for driving while under the influence and another for hit and run at the scene of an accident in Mt. Holly Springs early Sunday.

Ronald Windomaker, 19, Gardeners R. 2, was charged with drunken driving before Justice of the Peace Luther Peterson, Mt. Holly Springs, and was committed to the county jail to await a hearing.

Chief Stoerzinger said Windomaker's car struck a parked car owned by Mrs. Joan Nicholson, Mt. Holly Springs. The car had been parked by her brother Robert Coyle, in front of his home at 103 North Baltimore Ave. Mt. Holly Springs.

While Chief Stoerzinger was taking Windomaker to a physician to be examined for intoxication, Donald L. Carter, 19, of Gettysburg, struck Windomaker's wrecked car and then drove from the accident scene. He was stopped by Chief Stoerzinger about one-tenth of a mile from the scene and was charged with hit and run before Peterson.

About two hours later Chief Stoerzinger apprehended Robert L. Myers, 20, Carlisle, for drunken driving.

Myers, Chief Stoerzinger said, was driving a car owned by Robert Rickrode, Gardeners R. 2 Myers was charged before Justice of the Peace James Sanders, Mt. Holly Springs, who committed him to the Cumberland County Jail. Rickrode will be charged with permitting an intoxicated person to drive his car, Chief Stoerzinger said.

SCIENTISTS RAP SPACESHIP IDEA OF LONGER LIFE

By ALTON L. BLAKESLEE
Associated Press Science Reporter
NEW YORK (AP)—Harvard University scientists today blasted the idea that you would stay younger aboard a spaceship than by staying home.

Such an idea is based on a misunderstanding of Einstein's special theory of relativity, they told the American Rocket Society.

Science fiction writers, some college teachers and others have proposed that space travel could give you a drink at an Einsteinian fountain of youth.

The suggestion has been that anyone traveling away from earth at high speed relative to the earth's speed would undergo slowing of his life processes.

"Get Younger"
So astronauts might return from a long trip actually younger than they would be if they had stayed home all that time. A man could return younger than his identical twin who had stayed home.

But this is a fallacy, William R. Brewster Jr., Harriet B. Brewster, Majie S. Potsaid and James P. Isaacs said in a formal report at the opening of the Rocket Society's 11th annual meeting.

Uniform motion relative to the earth would have no effect whatsoever on the rate of life processes, they declared.

Thomas Jefferson Lamb, 37, Gardners R. 2, who was sentenced to 30 days in jail beginning October 14 and ordered to pay a fine of \$50 and costs of \$38.25, was placed on parole for three months during which time he is to pay the fine and costs. He was charged with drunken driving.

Escaped Prisoner Turns Himself In

BELLEFONTE, Pa. (AP)—Two prisoners escaped from the Rockview State Penitentiary yesterday afternoon but one of them turned himself in at the main gate last night, reporting he "couldn't take it."

Warden Frank Johnston identified the prisoner who surrendered as James W. Fox, 33, of Williamsport, serving 7½ to 15 years for assault and battery and robbery. Search was renewed for Gerald D. Powell, 28, of Jersey Shore, who was serving the same sentence as Fox.

and French troops were out of Egypt. The British went ahead, however, and announced this week they had cleared a channel 140 feet wide for the northern 27 miles of the canal they hold. They said they would have it widened to 180 feet — sufficient to pass big ships — within a week.

Need \$40 Million
Latin-American and Asian delegates formed the bulk of the opposition to paying any percentages of the canal salvage costs. It has been estimated that upwards of 40 million dollars will be required to clear the 47 ships and two bridges reported sunk in the waterway.

The Assembly so far has only authorized Hammarskjöld to work out the preliminary phases of the salvage job. He will have to submit an estimate of the cost to the Assembly.

The secretary general already has consulted some Dutch and Danish salvage firms. It was also reported that Toshiyazu Kase, Japanese observer at the U.N., had talked with Hammarskjöld on the possibility of Japanese firms entering bids.

the board members also held that they could not be certain just what the proposal for regional superintendents means because the plan is not far enough advanced, as far as they have been able to determine, to provide any specific information on which decisions can be based.

No action was taken by the board on selection of a county superintendent to succeed H. Edgar Riegle.

Members of the board said they will probably name the new superintendent next month, or "possibly in January. We have 30 days to fill the post after a vacancy occurs." County Superintendent Riegle has resigned from the post effective December 31 to accept the Gettysburg superintendency of schools.

J. Faber Wildasin, Abbottstown, secretary of the board, was selected as toastmaster for the dinner session at the annual directors' convention at Littlestown. Lloyd E. Crouse, Littlestown, and William M. Lott, Gardners R. D., were named as the ticket committee.

Bus contracts for 1956-57 between the Conewago Joint School System and Roy W. Myers, Mervin H. Baker and Cletus J. Mummert were approved. They showed the borough had receipts of \$22,787.16 last year and spent \$18,936.53 and has a \$4,000 bonded debt.

Morrow Scores First Olympic Sprint Double Since 1936 As U.S. Has Biggest Day In Games

By TED SMITS

MELBOURNE (AP)—Fleet Bobby Morrow scored the first Olympic sprint double since Jesse Owens in 1936 today as Uncle Sam's athletes surged to five more gold medals in another smashing display of land and sea power.

Morrow, the Abilene Christian flash from San Benito, Tex., who had won the 100-meters Saturday, led an American sweep in the 200-meters with a record-smashing performance matched by Al Oerter of New Hyde Park, N.Y., and his two teammates in the 400-meter relay event Saturday. Andy Stanfield of Jersey City, N.J., winner of the 200 and a member of the winning relay team in 1952 tied Owen's record of 20.7 while finishing a stride behind Morrow. Thane Baker of Elkhart, Kan., who will run with Morrow, Stanfield and Leamon King of Delano, Calif., in the relay, was third in the 200.

While the track and field forces excited another capacity crowd of 100,000 at Olympic Stadium, Yale's stout-hearted eight-man crew set the pace for America's finest rowing day at nearby Ballarat.

Yale Crew Triumphs

Beaten in shocking fashion in the first round, Yale climaxed a brilliant comeback by beating the same crews that had whipped them earlier after earning another chance in the repechage.

Yale's triumph, the eighth straight for the U.S. in the eights since 1920, ended a glorious day at Lake Wendouree where Americans also took the pairs with coxswain and pairs without coxswain. Silver second-place medals went to Uncle Sam's double sculls and four-oared crew without coxswain.

Failure of Jack Kelly, Jr., brother of Princess Grace of Monaco, to follow in his father's footsteps in the single sculls was the major U.S. disappointment in rowing. Kelly finished third in his last try to match his dad's Olympic victory of 1920.

Russia won two gold medals in rowing, the double and single sculls, but failed in track and field. At the end of the day, Russia trailed the U.S. by more than 100 points.

U. S. Takes Big Lead

An unofficial point table showed the United States way out front with 262 points to 149½ points for Russia.

The United States has a total of 16 gold medals to Russia's six and had won nine of 13 events in men's track and field.

Adhemar Ferreira da Silva of Brazil set a new Olympic record in winning the hop, step and jump although Bill Sharpe of Philadelphia surprised with a fourth-place leap of 52 feet 1½ inches, probable the best ever by an American. The Brazilian covered 53 feet 5½ inches breaking his own mark set in 1952 at Helsinki.

Although Poland's Euzbieta Krzesinska broke the Olympic mark and tied her own world record by taking the women's broad jump with a leap of 20 feet 9¾ inches, America's Willie White of Greenwood, Miss., exceeded all expectations by finishing second in 19 feet 11¾ inches.

Second, Third Sweeps

The sweep in the 200-meters and the discus were the second and third of the current Olympics for Uncle Sam, which already had finished 1-2-3 in the 400-meters hurdles.

Another strong American performance is expected Wednesday in both the discus and the 110-

meter hurdles in which all three U.S. men won their heats—Jack Davis of Glendale, Calif., Lee Calhoun of Gary, Ind. and Joel Shankle of Durham, N.C. Parry O'Brien who sets a world record almost every time he appears is considered a cinch to repeat his 1952 winning performance in the shot put.

Morrow established himself at the top of the list of the world's best sprinters by taking the 200-meters. He will have a chance to make it three gold medals in the 400-meter relay event Saturday. Andy Stanfield of Jersey City, N.J., winner of the 200 and a member of the winning relay team in 1952 tied Owen's record of 20.7 while finishing a stride behind Morrow. Thane Baker of Elkhart, Kan., who will run with Morrow, Stanfield and Leamon King of Delano, Calif., in the relay, was third in the 200.

Oerter Breaks Mark

Oerter, a student at the University of Kansas, shattered the Olympic discus record with a throw of 184 feet 11 inches, followed by Fortune Gordien of Brightwood, Ore., who was fourth in 1952 and third in the 1948 Olympics. Desmond Koch, an Air Force man from Shelton, Wash., took third to complete the sweep.

Perhaps the biggest surprise of the day was the performance of Sharp in the hop, step and jump with his fourth-place finish and the second place by Willie White, 17, who competes from Tennessee State University.

One American survived two trials—heats in the 3,000-meter steeplechase in which Horace Ashenfelter, the surprise winner in 1952, was eliminated by a sixth-place finish. Charles (Deacon) Jones of Boystown, Neb. made the finals by finishing fourth. Urbana, Ill. was ninth. The first five survived.

Uncle Sam's girls drew a blank in women's 80-meter hurdles where Constance Darnowski of Brooklyn, Barbara Mueller of Chicago and Irene Robertson of West Los Angeles quickly were eliminated. Two Australian girls broke the Olympic record and tied the accepted world mark with 10.8 second performances in the heats.

Cagers Top Bulgaria

The United States basketball team opened its second round of competition with an 85-44 romp over Bulgaria. The American modern pentathlon team still was first after completion of the swimming, fourth of the five events. The 4,000-meter cross-country run will end the pentathlon tomorrow.

In addition to the stirring triumph of the Yale crew, stroked by Robert Morey of Short Hills, N. J., the combination of Duval Hecht of Beverly Hills, Calif., and Jim Flier of Tacoma, Wash., took the pairs without coxswain. The Stanford Crew Assn. of Art Ayrault of Tacoma, Conn. Findlay of Belmont, Calif., and Kurt Seifert of Rochester, Mich., were the champs in pairs with coxswain.

Kelly was third, beaten by both Viktor Ivanov of Russian and Stuart Mackenzie of Australia in the single sculls. The double sculls entry of Pat Costello of Birmingham, Mich., and Jim Gardner of Detroit, finished second to the Russians. The Detroit Boat

SOONERS SEEK 40TH VICTORY ON SATURDAY

By DON WEISS

The Associated Press
The Oklahoma Sooners, if they need an excuse for winning, will have a two-fold goal Saturday in their windup game against state rival Oklahoma A&M.

One more victory gives Oklahoma its 40th in succession and clear-cut title to the all-time record of consecutive victories. The Aggie game also is the last in which the Sooners—and the nation's other collegiate powers—can hope to impress the writers and sportscasters who participate in the weekly Associated Press poll.

Oklahoma won the poll, symbolic of the national championship last year, and can retire the current trophy by repeating.

They're in a good position to do it, having received another vote of confidence from the participants in the next-to-last poll announced last night.

Have 95-Point Lead

The Sooners drew 81 first place ballots and 1,448 points in the nationwide accounting to hold the lead by 95 points over Tennessee. The Volunteers, who made it nine straight by defeating Kentucky 20-7 last Saturday, had 49 first place votes and 1,353 total points on the basis of 10 points for first, 9 for second, 8 for third, etc.

Iowa, which has closed its best season in 34 years and is all set for the Rose Bowl, held third place with 12 first and 1,144 points followed by Georgia Tech, Texas A&M, Miami (Fla.), Michigan, Syracuse, Michigan State and Minnesota.

Oregon State, Iowa's Rose Bowl opponent, headed the second 10 which included, in order, Pitt, Navy, Texas Christian, Baylor, George Washington, Southern California, Florida, Colorado and Ohio State.

3 STICKMEN AT CLEVELAND TOP SCORERS

NEW YORK (AP)—The Cleveland Barons, although they trail the Providence Reds in the American Hockey League standings, have a stranglehold on the league scoring race.

The first three places are held by Barons, with rookie Bo Elik leading the way with 30 points. His mates on Cleveland's high scoring line, Fred Glover and Jimmy Moore, share second place with 27 points apiece. Elik also leads in goals with 19 and Moore leads in assists with 20.

The trio combined for 27 points alone last week, with Glover getting 11, Moore nine and Elik seven.

The only near challengers are Paul Larivee of Providence, with 25 points, and Hershey's Willie Marshall with 23.

Johnny Bower of Providence continues to break the Cleveland domination by pacing the goalies with only 45 permitted in 18 games, a 2.5 average.

ELECT HEAD OF BALL LEAGUE

ALTOONA, Pa. (AP)—Robert W. Plummer, principal of Portage High School, is the newly elected president of the Western Pennsylvania High School Football Conference.

Plummer, who had been vice president of the conference, was elected last night at the annual conference banquet.

Others elected were George Shingler of Huntingdon, vice president, and Albert L. O'Connor of Adams — Summerhill High School, secretary.

Named Titleholder

Indiana, which completed the season with a conference record of 5-0 was officially named Class A titleholder. The Class B title was officially conferred on South Fork — Croyle, with a 6-1 record.

Laura Lamar High School of Homer City was admitted to the conference's Class A section. Fennell was switched from Class A to Class B, and Cresson was transferred from Class B to Class A. The conference now has 33 Class A schools and 26 Class B schools.

Oregon State To Play In Rose Bowl

PASADENA, Calif. (AP)—The Pacific Coast Conference has made official what everyone expected, the selection of Oregon State's Beavers to represent the West against Iowa's Hawkeyes in the Rose Bowl New Year's Day.

The confirming vote, announced yesterday, was unanimous. Oregon State had clinched the PCC title Nov. 17 with a 14-10 win over Idaho, and a 14-14 tie Thanksgiving Day with Oregon didn't affect the Beaver chances.

PATTERSON'S RIGHT MAY BE TITLE DECIDER

CHICAGO (AP)—An unorthodox right hand lead employed by young Floyd Patterson and often referred to as the "Kangaroo" punch might be the telling factor if used in Friday night's heavyweight championship bout at Chicago stadium.

Patterson meets veteran Archie Moore in the nationally televised bout for the title vacated by Rocky Marciano.

Patterson has used his "Kangaroo" punch effectively in the past but ring experts scoff at the idea of trying it against Moore, who has been pounding around for 20 years through 136 fights.

But the summing right hand lead is one of Patterson's first loves and the temptation to use it will be great for the 21-year-old former Olympic champion who has had only 31 professional fights.

"Next to a knockout, my biggest thrill in the ring is using a jumping punch," says Patterson. "I don't know if I'll use it against Moore. It depends."

Cus d'Amato, Patterson's manager, laughed at the "experts" who frowned on the punch.

ASHENFELTER IS ELIMINATED

MELBOURNE (AP)—Horace Ashenfelter, great surprise winner in the 3,000 meter steeplechase at the Helsinki Olympics and holder of the Olympic record, was eliminated today in the first of two heats at the Olympic Games.

The former Pennsylvania State University star came in sixth in a photo finish for the five qualifying places. His time was 8:51.0.

Sandor Rozsnyo of Hungary was first and John Disley of Great Britain second with identical 8:46.6 timings. Ernst Larsen of Norway placed third with 8:46.8, America's Charles (Deacon) Jones was fourth with 8:47.4 and Zdzislaw Krzyschowiak was fifth for the last qualifying place in 8:48.

Ashenfelter holds the Olympic record in the 3,000 meter steeplechase of 8:45.4.

REPORTS MIDDLE EAST IS NEVER OUT OF TROUBLE

By ED CREAGH
Associated Press News Analyst
WASHINGTON (AP)—The Middle East is short of many things, but it never runs out of trouble. As if the Suez affair weren't bad enough, a Syrian crisis now is brewing on the edge of it. Could be a bad one, too, and another threat to world peace.

The main reason: Russia unquestionably has gained a foothold in the ancient Syrian desert land. Some American authorities are concerned that Syria may be sucked all the way into the Communist orbit.

Syria has been accepting arms from Russia. Also, all but un-noticed in the furor over Suez, pro-Soviet officers have seized control of Syria's 60,000-man army. It would surprise nobody if the army seized formal control of the government.

Adds Facts

Now add these facts:
1. Syria would be the obvious staging area for the "volunteers" Russia still says she is ready to throw against the British, French and Israeli forces which have not yet withdrawn from the Suez area.

2. Moscow radio charged yesterday that Syria's well-heeled neighbor Iraq has been trying to flood Syria with arms for use in a revolt against the government. With a perfectly straight face, Russia denounced "subversive activities" of this kind as "criminal."

3. Iraq followed through within

hours with a request to the United States for "more defensive arms" including planes and anti-aircraft guns. This country has been sending munitions to oil-rich Iraq but the amounts never have been disclosed.

There are other factors aplenty, but these alone show the stored-up lightning in the situation—with the United States already involved.

Russia's Progress
They indicate, too, the extent to which the camel's nose is under the tent, to use an old desert saying. In other words, how far Russian penetration of the Middle East is proceeding.

Trouble is nothing new to Syria, which has known little else since the days of the conquering Greeks 2,000 years ago.

But trouble is the last thing the Missouri-sized country needs right now.

She's in bad shape economically as a result of the crisis over Suez—and part of this trouble is home-grown.

With no interference from the authorities, three stations on the pipeline running across Syria from Iraq to the Mediterranean have been blown up—a prize example of cutting off one's nose to spite Britain's face. Syria lost millions of dollars in badly needed revenue.

She gets a rakeoff on oil flowing through the lines. She also cut off a major source of her own fuel. A glance at the map will show you Syria's strategic importance.

Turkey—which only yesterday accused the Syrians of fomenting trouble with neighboring countries—lies to the north. Iraq, Jordan and Israel form a rim on the east and south. Lebanon fits in like a jigsaw puzzle on the west, leaving Syria with a short but vital stretch of Mediterranean seacoast between Lebanon and Turkey.

A handier operating base for the Russians would be hard to imagine.

It would be equally hard to imagine Turkey and Iraq, which could crush Syria like a nut in a cracker, standing by idly while such a thing happened—to say nothing of the reaction of the United States and Britain.

DAYTON, Ohio (AP)—The Air Materiel Command today announced the awarding of 12 Air Force contracts totaling \$37,125,757.

The contracts included one for one million dollars to American Machine and Metals, Inc., Sellersville, Pa., for parachute release assemblies.

Susquehanna U. Drive Tops Goal

HARRISBURG (AP)—Officials of Susquehanna University, Selma, Pa., said last night that its centennial fund appeal had gone over the \$700,000 target.

Dr. G. Morris Smith, university president, told a meeting of the collection committee last night that the funds were received from more than 500 United Lutheran Congregations in the area.

Dr. Smith said the money will be used for construction of a new music hall, addition to the library and some increases in faculty pay.

BETHLEHEM, Pa. (AP)—Luria Steel Supply Co. says it will triple its warehousing capacity Dec. 10 when it occupies new quarters in Catasauqua just north of Allentown.

The company said yesterday that its new location would have 50,000 square feet of building space and three acres of open yard for storing products for purchasers in eastern Pennsylvania and adjoining sections of New York and New Jersey.

WASHINGTON (AP)—Economist Robert Nathan forecast Monday that the nation's output of goods and services will increase by 15 to 20 billion dollars a year in the next three years—and he said this will bring a boost in philanthropic contributions.

Nathan, in a talk prepared for the 43rd annual meeting of the Anti-Defamation League of B'nai B'rith, Jewish service organization, said such an increase in the gross national product is quite possible by 1960.

BANDLEADER TOMMY DORSEY IS DEAD AT 51

GREENWICH, Conn. (AP)—Bandleader Tommy Dorsey, the bespectacled "Sentimental Gentleman of Swing," is dead at 51.

A medical examiner said Dorsey choked to death about 2 a.m. yesterday when he vomited while sleeping.

Dorsey's third wife, Janie, who was suing him for divorce, was in the house when he died, as were their two children, but it was 12 hours before the death was discovered.

Door Was Locked

His booking agent, Vincent Carbone, got no answer to a knock on the bedroom door at Dorsey's sprawling, \$130,000 home, and went in through a window. Both Dorsey and his wife slept behind locked doors, on advice of lawyers, so they would not jeopardize the divorce proceedings.

Carbone found the body of the famed trombonist sprawled over the bed. The rest of the family had thought he was sleeping late, as he often did.

Dorsey's saxophone brother Jimmy, two years younger, was in New York at the time. So was their mother.

Left A Note

What made Dorsey ill was not known. He ate a heavy Italian meal with his wife and mother-in-law, Mrs. Ruth New of Atlanta, in his home the night before. Tino Barzile, his personal manager, said Dorsey was told recently at Johns Hopkins hospital in Baltimore that he was developing an ulcer.

A note Dorsey left added to the mystery when police refused to comment on the case. Finally the text of the note was disclosed by Barzile.

In the note (Barzile said Dorsey had a habit of leaving notes, often by the dozen) Dorsey thanked his wife for the dinner and added: "I am leaving early in the morn-

Scofflaw Resigns From Gotham Bench

NEW YORK (AP)—Municipal Court Justice Carson De Witt Baker, an admitted scofflaw who ignored a batch of traffic tickets, has resigned.

Mayor Robert F. Wagner announced the resignation on Sunday.

Baker said in a letter to the mayor that his service as a justice had been "characterized as beyond reproach." But he said he was resigning to avoid "embarrassment" to the court.

Baker, a Negro, was appointed to the \$15,000-a-year post on Jan. 10, 1955.

Last February he took advantage of an amnesty period on traffic violations to pay up 17 old tickets dating back to 1953. He paid \$135 in fines.

The appellate division of the State Supreme Court ordered an investigation into Baker's fitness to serve on the bench. The probe is pending.

Baker has been on leave.

BOYNTON BEACH, Fla. (AP)—Harry C. Black, 69, of Baltimore, chairman of the board of the A.S. Abell Co., publisher of the Baltimore Sunpapers and chairman of the finance committee and a director of the Fidelity and Deposit Co., died Sunday. He was a native of Cumberland, Md.

LUXEMBOURG (AP)—The European Coal and Steel Authority (ECSC) high authority announced Monday that because of pressure on the coal market, the ECSC will have to import 10 million tons of U.S. coal during the three last months of 1956.

A total of 3,742,000 tons of steel products were ordered last month from the ECSC, the announcement said. Orders from non-ECSC countries reached 901,000 tons.

NEW YORK (AP)—The chairman of the Eastern Railroads Presidents' Conference says his group seeks a 22 per cent freight rate increase, and not 15 per cent as the Interstate Commerce Commission believes.

David Mackie said on Sunday his group will file amendments to previous petitions with the ICC "probably this week" to clarify the railroads' position.

Littlestown WAR FILM IS SHOWN MONDAY TO SPOTTERS

A combat film on air warfare was shown at the November session of the Littlestown spotters, held Monday evening in the Alpha engine house. The film was shown by M. Sgt. Herbert Pennington, field representative from the Baltimore Filter Center.

Gerald W. Daley, local supervisor, presided. There was a discussion regarding the number of new members needed to serve with the post. The group also discussed maintenance of the spotter station located atop the Littlestown Junior-Senior High School building. M. Sgt. Pennington spoke concerning the Baltimore Filter Center and the Littlestown post. It was announced that there will be no meeting of the spotters in December. The next regular business session will be held on Monday, January 28.

MANUFACTURER IS CONVICTED OF MORALS CHARGE

PHILADELPHIA (AP) — The first of 18 persons arrested on morals charges in connection with an alleged vice ring has been found guilty on 12 of 13 counts.

Louis Cargill, 49, a Devon, Pa., plastics manufacturer, pleaded guilty to three of the charges yesterday at his trial and was convicted on nine by Quarter Sessions Court Judge Curtis Bok. The other charge was dismissed after contradictory testimony was given.

Five young women testified against Cargill, who is married and the father of an adult son. They told of posing nude for him at photographic studios and of having illicit relations with him. Cargill admitted taking pictures of the girls but denied any morals offenses.

Defers Sentencing

Bok said he would defer sentencing until he had talked with judges who will hear testimony in other cases. Bok said he would seek a common policy by the judges on sentencing those convicted of participating in or directing operations of the vice ring.

Cargill faces maximum sentences of 70 years in prison and fines up to \$24,000.

Dist. Atty. Victor H. Blanc said the alleged vice ring operated in Philadelphia and its suburbs, southern New Jersey and New York. He said women and girls, some in their early teens, were lured into the ring's operations through promises of careers in modeling.

Mitchell said that while the states have taken some steps to improve welfare laws and to enact new ones, they still haven't met standards suggested by President Eisenhower and still have a long way to go.

He called on the states to "throw off complacency and do what needs to be done."

He said in an address prepared for the International Assn. of Governmental Labor Officials, an organization of state officials, that Eisenhower and his administration feel states have responsibility for unemployment compensation, temporary disability insurance, workmen's compensation, safety and other such laws.

But, he added: "I don't think there is any question either that the responsibility of the federal government will tend to increase to the extent that the states neglect their responsibility."

"Until all our states take positive steps to meet the demands of their citizens, the pressures on the federal government to do so will continue and probably grow stronger."

He said only four states have adopted temporary disability insurance laws, providing payments during brief periods of illness or other disability.

WORKERS KEEP FACTORIES IDLE IN HUNGARY

VIENNA Austria (AP) — Hungary's Soviet-controlled government has stepped up its propaganda attack on Ex-Premier Imre Nagy, apparently in a new attempt to discredit anti-Soviet workers demanding Nagy's return to power.

Premier Janos Kadar made a strong personal attack on the ex-Premier, admitting he is in exile in Romania and linking him with "counterrevolutionaries." Kadar said now are making "impossible demands" on the Hungarian government.

Kadar conceded Hungary's economy still is crippled and chaotic because of strikes and passive resistance. He said work started

yesterday in "almost every section of the country but we cannot say that production is normal. There are still local and very damaging strikes."

Many Factories Idle

Reports from Budapest said there was a general trend toward resumption of work but that many factories were still idle. This was attributed to unrepaid machinery in some cases and to passive resistance by workers in others.

The Budapest Workers' Council was promoting the back-to-work movement, but at the same time it still insisted that the Communist government must meet popular demands for the withdrawal of Russian troops and the return of Nagy.

"The workers have to live," said a council spokesman.

Kadar declared his government does not consider Nagy "permanently exiled."

Fear Assassination?

"But we think it better he remain outside the country for the

time being," Kadar said, "because some of the many still-hiding counterrevolutionaries might assassinate him and try to blame our government for it."

He added that his regime planned no "criminal procedure" against Nagy "despite his grave deeds."

Kadar charged Nagy had counter-revolution "the murderous counter-revolution" — the Russian term for the anti-Soviet rebellion — and said this element was inspiring and supporting the strikes and worker resistance. The counter-revolutionary groups, he declared, were "spreading outrageous reports and making impossible demands" on the government.

Charging Nagy had come "under the sway of reactionaries," Kadar said the former Premier should have resigned and told the world the "counterrevolutionaries" were murdering Communists and other progressive patriots in the streets of Budapest.

Gets Jail Sentence In Death Of Baby

POITTSVILLE, Pa. (AP) — Roy E. Casey, 30, of Mahanoy City, was sentenced yesterday to 35 to 70 days in the Schuylkill County Prison for involuntary manslaughter in the death of a 16-month-old boy.

Casey, a small mine operator, entered a no defense plea before county Judge Cyrus M. Palmer. He told the court he had been drinking the night of Oct. 7 shortly before the death of Thomas Shamolsky in the child's Mahanoy City home.

Casey said he, the child's mother, and an uncle of the infant had left him with a baby sitter while they went to a tavern. Casey returned to the Shamolsky home,

Baby Drowns In Bathtub Monday

HARRISBURG (AP) — Officials said a nine-month-old boy drowned in a bathtub last night after his mother became ill and "blackened out" while she was preparing to bathe him and his two-year-old brother.

Dr. Thomas J. Fritchey, Dauphin County coroner, said Howard D. Myers drowned some time after his mother placed him in the bathtub and then fainted.

Dr. Fritchey said the mother, 19-year-old Mrs. James D. Myers, had intended entering a hospital today for treatment of a kidney ailment.

Det. William T. Reeves said that Mrs. Myers sat on a chair facing the two children in the bathtub when she felt herself becoming ill. He said she blacked out and found the younger child drowned when she regain consciousness.

Dr. Fritchey ruled the death accidental drowning.

NEW YORK (AP) — Edward A. Skinner, 64, vice president of Bahrain Petroleum Co. Ltd., and a pioneer in the Persian Gulf Oil discovery, died Friday night. Skinner was a native of San Francisco.

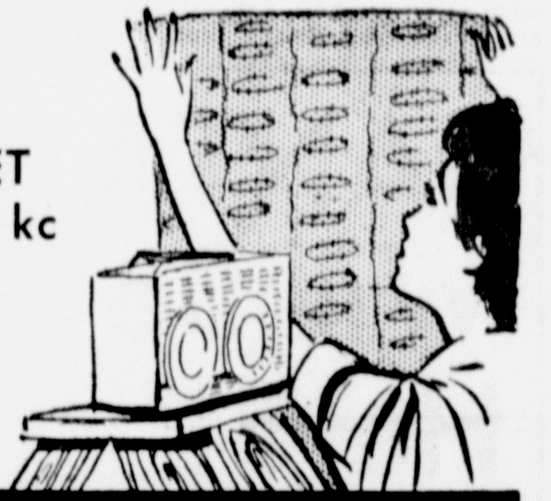

PITTSBURGH (AP) — Thomas Fitzerald, 79, retired general manager and vice president of the Pittsburgh Railways Co., died Sunday. He was a native of Baltimore.

Army War College, Carlisle, Observes 55th Anniversary

This week the Army War College is celebrating its 55th anniversary. On a 175-acre tract in Carlisle, at one of the oldest military installations in the U. S., is the home of the Army's senior educational institution. Amidst a college campus setting, 200 selected Army, Navy, Air Force, Marine Corps officers and certain representatives from civilian government agencies study in carrying out the mission of the school which is still the same as set forth by its founder, Secretary of War Elihu Root, who announced the establishment of the college on November 27, 1901.

Although located at Carlisle Barracks only since 1951, the college has operated continuously since its founding, except for the war years. Originally located at 20 Jackson Place in Washington, D. C., the college moved to 22 Jackson Place in 1902 and it was here that the first annual session opened on November 1, 1904. In June of 1907, the Army War College moved to Washington Barracks (now Fort Lesley J. McNair) and remained there until World War I when classes were suspended.

Moved To Carlisle
Reopening its doors in 1918, the post-graduate educational institution's classes continued until 1940. The first post-World War II class opened at Fort Leavenworth, Kansas, in August, 1950. On July 1, 1951, the college moved to its present home.

Today as heretofore, the college is oriented toward the future. It recognizes that now, as never before, the problem of national security transcends any one service or department. Towards these ends every effort is made to enlighten the student's point of view, and to broaden the horizon of the student so that he may serve effectively as an Army member of the defense team.

To accomplish its mission, the Army War College gives students an opportunity to explore, to inquire, and to appraise, so that in the future they can act with deliberation. It provides a place where mature students can come to grips with the problems which face the nation and emphasis is placed on freedom of thought and action. Here differences

are discussed rather than suppressed. Qualitative learning is considered more desirable than quantitative.

National Strategy

Through addresses by prominent guest lecturers, civilian as well as military, question and answer sessions with distinguished consultants in various fields, field trips, committee discussions, presentations and individual studies, the students develop, through the ten-month course, their appreciation of major problems relating to national strategy.

The curriculum is divided into two general areas. One area deals with national and international affairs and strategy; the other deals with the armed services and war planning. The year culminates in the national strategy seminar, at which distinguished civilian leaders from business and industry are invited to join the committee discussions to give the students the benefit of their experience.

When graduation day arrives in mid-June, the students have gained a comprehensive background in world affairs and national strategy to prepare themselves for subsequent assignments.

Huge Xmas Tree Arrives In New York

NEW YORK (AP) — Rockefeller Center's 1956 Christmas tree completed its 335-mile journey from Whitefield, N. H., Monday.

It was the longest haul for any of the Center's famous Yuletide trees. In the past, trees have come from within 100 miles of New York.

The 64-foot white spruce is a gift from New Hampshire, whose governor, Lane Dwinell, will officiate at the lighting up ceremony.

A four-foot white plastic star was placed at the top of the tree before it was raised by crane. Tomorrow a six-story scaffold will be placed around the tree and a crew of 20 men will begin a week's work placing 2,200 firely bulbs and 1,200 red, green and white illuminated plastic globes in the tree.

POISON DEATHS' SUSPECTS SOUGHT

CHARLES TOWN, W. Va. (AP) — West Virginia state police, working on the assumption that the arsenic deaths of William Kidwell and his two sons were not accidental, have begun searching for suspects.

Kidwell and two sons, Thomas, 1, and Charles, 2, died during the past two weeks of arsenic poisoning. Mrs. Kidwell and their seven surviving children are in Washington County Memorial Hospital in Hagerstown, Md., recovering from the effects of poisoning.

Many Are Suspected
State trooper J. E. Durst of the Charles Town barracks said "more than one person" was being sought as a suspect.

He said the state police laboratory at Charleston determined definitely that traces of arsenic were placed in the well water at Kearneysville, W. Va.

Durst said police were looking for a man who was a family friend before the Kidwells moved from the Kidwell family home near Hagerstown across the Potomac River to Kearneysville.

The elder Kidwell died on Thanksgiving day and the two sons died on Nov. 15.

Aged Woman Is 3rd Victim Of Crash

BETHLEHEM, Pa. (AP) — Mrs. Florence Burkhardt, 69, of R. 1, Bath, Pa., died in St. Luke's Hospital early Monday—the third victim of a Sunday crash on Route 12, five miles south of Bethlehem.

Her husband, Ralph, 69, was killed instantly in the crash of an automobile operated by Myron M. Diefenderfer, 61, also of Bath Rd. 1, and one driven by Edwin Brey, Lansdale, Pa. Diefenderfer died about three hours after the collision.

State police said Diefenderfer was driving north when his car skidded on an icy patch and struck Brey's auto broadside.

Brey was detained in the same hospital with a cut over the right eye.

INDIAN PRESS RAPS RUSSIANS

NEW DELHI, India (AP)—Indian newspapers sharply criticized the Russians Monday in connection with the disappearance of former Hungarian Premier Imre Nagy.

The Hindustan Standard of Calcutta and Delhi—often sympathetic toward Russia in the past—said the reported arrest of Nagy is an "act of such a mean, cowardly and perfidious nature as will shock the conscience of the world."

The influential Times of India, of Bombay and Delhi, declared in an editorial headed "Stalinism Undiluted" that the incident carries "one step further the tragic story of intrigue and repression in Hungary. Moscow must surely realize the immediate consequences of such Stalinist tactics will be an intensification of the Hungarian people's revolt."

Radio Budapest, heard in Vienna, announced that Dr. Jagan Nath Khosla, Prime Minister Nehru's personal representative to study the Hungarian situation, has been received by Prime Minister Janos Kadar. Dr. Khosla, Indian minister to Prague, also was received by Kadar's deputy foreign minister, Karoly Szarka.

EGYPT CRISIS BROUGHT SILENT COUP IN SYRIA

BEIRUT, Lebanon (AP)—Egypt's crisis brought a silent coup to sister Syria.

The country was brought under martial law—proclaimed the day fighting broke out in Egypt. Control of the army, empowered to enforce the martial law, is in the hands of a group of pro-Soviet officers under the current strong man, Col. Abdul Hamid Saraj.

These officers are not Communists. But they place a high value on Soviet arms and Soviet political support. They permit no criticism of the Russians.

The night martial law was declared, Damascus had its first "air raid." Thereafter the siren wailed frequently.

"Raids Were Real"
So far as the frightened and unsophisticated population was concerned, the raids were real. The sandbagged and blacked-out build-

ings of Damascus heightened the illusion of imminent danger. Anti-aircraft batteries fired often.

The "air raids" also impressed on the public the need for continued martial law, which left the army in full control.

When the big crisis broke in Egypt, the civilian government ordered a military guard around the pumping stations for Iraq Petroleum Co. pipelines. That same night all three stations were blown up. (Iraqi Petroleum is owned by British, American, French and Dutch interests).

Press Was Blinded
The press was deliberately blinded to the Soviet military subjugation of Hungary. Not a line of news from any Western source was carried by the press or radio. Only the Moscow radio and the Soviet official news agency Tass were quoted.

When Prime Minister Nehru made his statement Nov. 19 on the world's crises, the Indian legation in Damascus gave the Syrian government a translation for publication. Nehru's criticism of the Russians for the Hungarian events was suppressed. Only the Middle East sections of Nehru's remarks were used.

President Greeted Twelve Hungarians

WASHINGTON (AP)—Twelve Hungarian refugees met President Eisenhower Monday and exclaimed excitedly that this never could happen in their homeland.

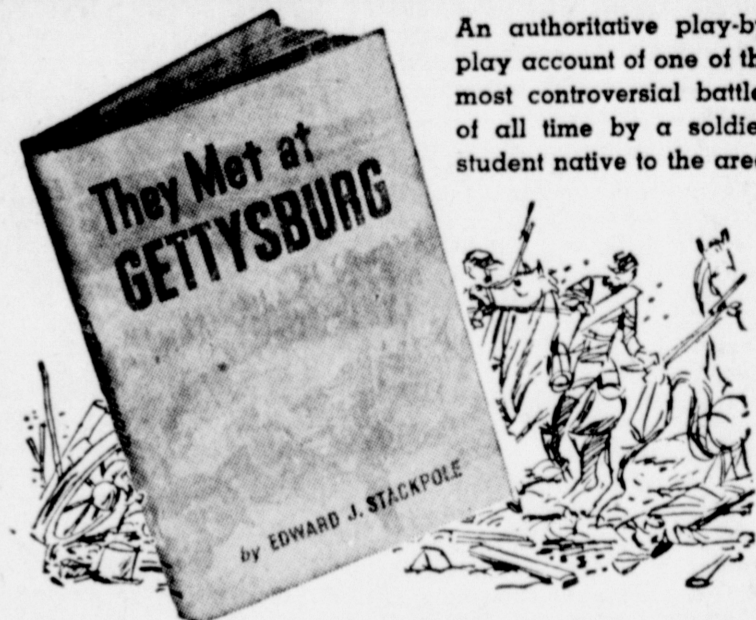

Three of the dozen still were under security wraps, so as not to endanger their families in Hungary. The other nine posed with the chief executive for pictures in the White House rose garden.

Speaking for the group, Mrs. Eva Krausz told reporters: "This thing cannot be happening

in Hungary. I am very happy to be here. I am very happy that America thinks of us."

The refugees flew into McGuire Air Force Base in New Jersey Friday. Already one of them, little Tibor Kopjas, a year and a half old, has picked up a bit of English. The little blond fellow, dressed in a bright blue and red snowsuit, laughed happily and called out "booddy" to Eisenhower. The President beamed back. Tibor has learned one other English word: "Okay."

ASKS FOR RIGHT TO CONCEAL ITS TOLL ROAD DATA

HARRISBURG (AP) — The Pennsylvania Turnpike Commission asked the Dauphin County Court to maintain its right to withhold from a Reading engineering firm a report made on the company's toll road work.

The commissioner yesterday asked the court to dismiss a petition by Manu - Mine Research and Development Co. in which the Reading engineers seek court permission to look over a report on its work made by Pierce Management, Inc., Scranton.

The report dealt with mine void filling done by Manu-Mine along the northeastern extension of the superhighway.

"Worthless" Work

Atty. Gen. Herbert B. Cohen maintains and report shows the Manu-Mine work was "worthless." Manu-Mine said it wanted to look at the report for information to be used in preparing its case in a suit through which it is asking \$943,852 in damages from the commission.

The company held several million dollars worth of turnpike contracts until they were cancelled several months ago.

Manu-Mine figures prominently in a current special grand jury investigation of turnpike activities while under Republican control.

The State Justice Department charged that present and former turnpike officials and employees joined with Manu-Mine in an attempt to fleece the commission out of more than 19 million dollars.

Pierce Report

In its answer, the Turnpike Commission admitted that parts of the Pierce report were made available to the press and that "a few portions of the Pierce report have been reprinted in the daily press."

But, the commission contended that those portions which appeared in newspapers "have been limited to conclusions therein and have not included any underlying details or data contained in the report."

Wilson Clips Air Wings Of Army; Restricts Missile Use

WASHINGTON (AP) — Secretary of Defense Wilson has clipped the sprouting air wings of the Army and forbidden it from operating longer range guided missiles than it now has.

Announcing his action late yesterday, Wilson said the Army and Air Force couldn't agree how they would divide up their duties and areas of control in the expanding guided missile and aviation fields.

The Pentagon left no doubt that the aim was to curb the Army's aviation ambitions. Deputy Secretary of Defense Reuben Robertson told newsmen the Army has been "enthusiastic about developing an Air Force of its own."

Asked whether the Army would be permitted to go ahead with previously announced plans for a much larger air arm than it now has, Robertson said: "We are not going to have a separate Air Force within the Army."

His order limited the Army's aviation mission to providing "local mobility" for "small combat units and limited quantities of material."

All other airlift must be provided by the Air Force, which also was given "sole responsibility" for operating land-launched missiles of medium and long ranges.

The Pentagon left no doubt that the aim was to curb the Army's aviation ambitions. Deputy Secretary of Defense Reuben Robertson told newsmen the Army has been "enthusiastic about developing an Air Force of its own."

Asked whether the Army would be permitted to go ahead with previously announced plans for a much larger air arm than it now has, Robertson said: "We are not going to have a separate Air Force within the Army."

To End Duplication

Wilson said his decision should

end unnecessary duplication of efforts and make for better use of defense money voted by Congress. Robertson said President Eisenhower was generally familiar with the order and approved it without going into specific details.

The new order continued unchanged, despite frequently voiced Army hopes for an upward revision, a weight limit of 5,000 pounds for Army fixed wing aircraft.

The Army was given, for the first time, a 20,000-pound limit for helicopters. It has been working to get heavier helicopters capable of moving more troops.

No Bombers

Wilson told the Army that the Army now has enough airlift to move Army troops over long distances "in the light of currently approved strategic concepts."

The military services have stated that the strategic airlift is now sufficient to move no more than one division, with light equipment, over a long distance.

The order specifically forbids the Army from developing or using airplanes capable of bombing or otherwise attacking enemy troops in a battle area. All close support must be provided by the Air Force.

Heaviest Blow

Possibly the heaviest blow dealt by the Wilson order to Army efforts and expectations was contained in the injunction against any Army planning at this time to employ "any other missiles with ranges beyond 200 miles."

The Army, working with the Navy, has developed to an advanced stage the ballistic missile Jupiter which has a planned range of 1,500 miles.

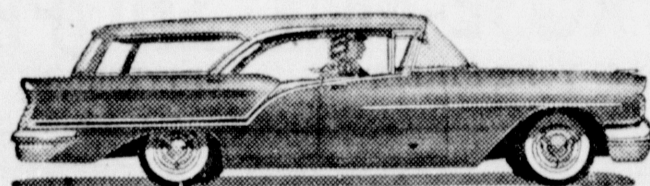

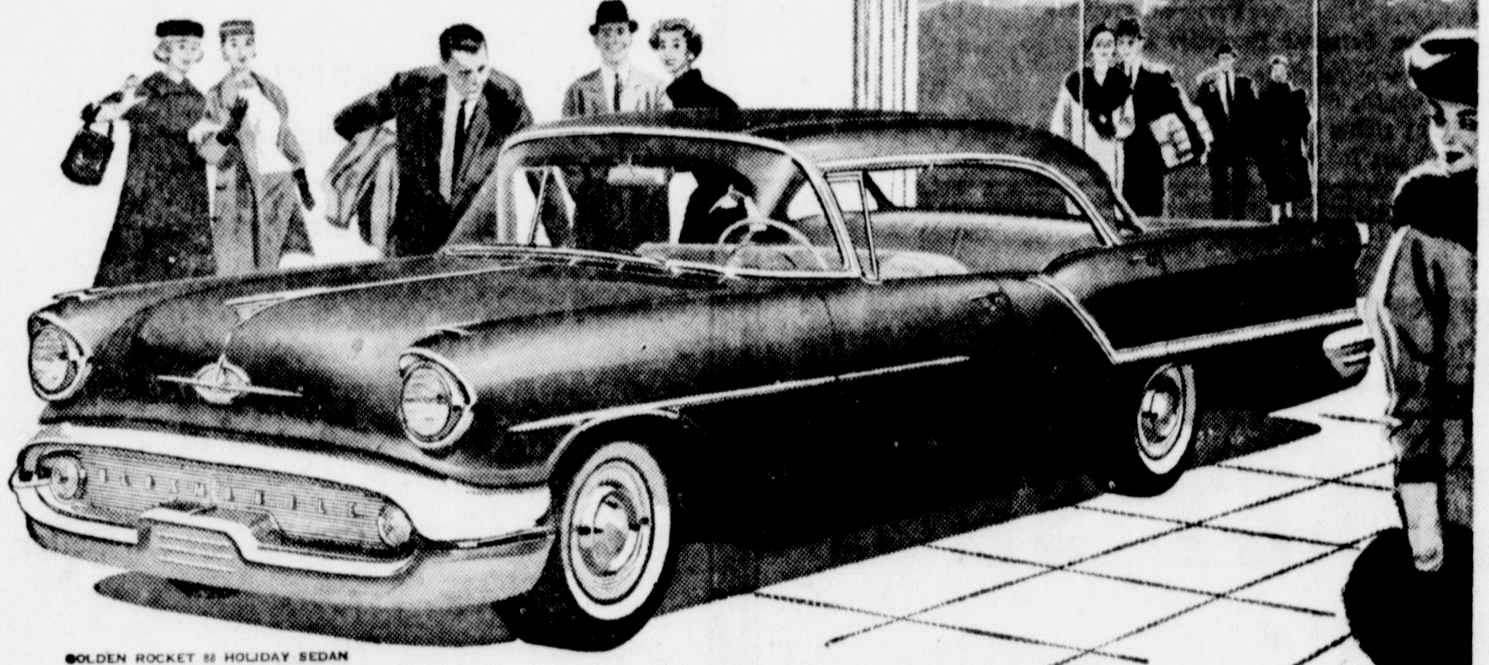

Some Consolation

There was some consolation for the Army in the award to it of primary responsibility to operate all antiaircraft guided missiles. But this was tempered by a provision that such Army-operated weapons will have a range of no more than 100 miles.

This will retain Army control over its family of Nike surface-to-air missiles and also the Talos weapon, originally developed by the Navy for shipboard use but adopted last year by the Air Force in what proved to be an abortive effort to organize its own anti-aircraft defense.

SAYS 92 PCT. OF AMERICAN GIRLS GET THEIR MAN; MOST BEFORE 26

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't read his mail—and browse in old bookstores:

That the number of both cars and telephones in the United States is increasing faster than the number of people.

That four million persons born in the Southern states moved to other sections of America between 1950 and 1955.

That about 92 per cent of American girls get married and about 85 per cent of them land a man before they are 26.

Gals Shed Millions
That a colleague of ours — Charlie Rice, columnist on the Missouri State Penitentiary's monthly paper—observes, "A man all wrapped up in himself makes a small package!"

That Jacqueline Cochran, who runs a cosmetics firm and became a top airplane speed pilot, was an orphan who went to work in a beauty parlor at 14.

That Larry Mack, youthful head of a slenderizing firm that has caused U.S. gals to shed five million pounds of fat, says Italian women have the world's worst figures.

Triumph Of Pills
That tiny Elaine Malbin, the opera star—she's only a half inch over five feet—keeps in trim by lying on her back and doing bicycle exercises with 10-pound lead weights built into her shoes.

That the biggest objection many women have to pipe-smoking men is, "They spend so much time trying to keep their pipe lit they have no time left to talk." What ever happened to the pipe-puffing fad among the ladies? Haven't seen one all year.

Nothing To Snuff At
That the brain is fed largely by sugar and gaudy sugar metabolism may be the chief factor not only in diabetes but also in arthritis, some chronic heart ailments and schizophrenia, a mental disease.

That about 8 out of 1,000 people throughout the world suffer from schizophrenia, regardless of their race or whether they are rich or poor, savage or civilized.

That Americans spend \$128,000,000 a year on deodorants.

Not Really Sherry
That sherry isn't really sherry unless it comes from Spain. And it's the only wine that won't turn to vinegar if left exposed to the air.

That only a third of the 70 million Americans licensed to drive cars are women. It only seems like there are more.

That more than 500,000 U.S. children now ride to school regularly in autos. Maybe that's why leather manufacturers complain teen-agers no longer do enough walking to wear out their shoes.

Onion Soup Addicts
Although the average American is "eating higher on the hog," more than half of the 161 pounds of meat he consumed last year was beef. Most of the rest was pork.

That Canadian fishermen are now using aureomycin to protect their ocean catch from bacterial spoilage during the long voyage home to market.

That both Napoleon Bonaparte and Josephine were fond of onion soup.

That it was Francois de la Rochefoucauld who said, "Most of our faults are more pardonable than the means we use to conceal them."

TWO PRISONERS BREAK FROM JAIL

LAPORTE, Pa. (AP)—Two prisoners escaped from the Sullivan County Jail Monday night after overpowering Sheriff Dean Fulmer and were captured by state police a few hours later.

State police said prisoners Charles E. McIntire, 28, of Bernice, Pa., and Jack Boward, 23, of Harrisburg, Pa., fled into nearby woods during a snowstorm.

They were found huddled under a hemlock tree.

Fulmer said McIntire and Boward knocked him unconscious with a bottle of disinfectant after calling him to their cell and saying a water pipe had broken.

Fulmer's wife ran into the cell after hearing the commotion and was locked in with her husband.

Percy Carpenter, 70, a janitor, heard Mrs. Fulmer yelling and notified state police.

McIntire was awaiting trial on forgery and automobile theft

LIVING COSTS AT NEW HIGH

WASHINGTON (AP)—The government reported Monday that living costs rose one-half of one per cent in October to another record. It was the fourth peak reached in a 1956 climb.

The increase means pay raises for about 14 million workers in auto, farm equipment, metalworking and aircraft industries whose wage rates are geared in part to the government index.

For most of these workers, the amount of the pay raise will be two cents an hour.

Nearly all consumer spending categories except food went up in October. Food remained unchanged from September. Prices for new cars rose nearly 11 per cent in October, reflecting higher price tags on 1957 models without the dealer discounts that had prevailed in the 1956 cars.

The index kept by the Labor Department's Bureau of Statistics rose to 117.7 per cent of the 1947-49 average, the base period. This is one-half of 1 per cent higher than in September and 24 per cent above October last year.

HOLIDAY FOWL FOOD RESERVE FOR ERIE FOLK

ERIE, Pa. (AP)—Big fat Thanksgiving turkeys that were roasting in ovens when Erie's record snowfall began last Thursday turned out to be a welcome food reserve for many in the storm-bound days that followed.

For many a family, especially on the outskirts of this Lake Erie city and in the rural areas, the pre-Thanksgiving shopping was the last trip to the grocery store until snow-clogged roads were open on Sunday.

Getting the roads open so traffic could roll and industries could resume operations was the task of hurriedly mustered work crews but there were many more human stories during the big storm, too.

Dangerous Mistake

An example was a service station attendant who grew weary during the long hours he stayed on the job trying to do his bit to get the two-foot snowfall removed. He made a mistake—sold a customer gasoline instead of kerosene for use in a heating stove.

After the customer had gone he realized his mistake. He called police who notified radio and television stations.

Two hours later the purchaser called police. He said he dumped

Lebanon Finds Cache Of Arms, Arrests 23; Other Neighbors Of Syria Face New Troubles

BEIRUT, Lebanon (AP)—Syria's neighbors are cracking down on subversive elements at home and groping for help from abroad to counter growing fears of pro-Soviet leaders in Damascus.

Many looked to the United States to offset the new Moscow influence.

Tiny Lebanon announced the arrest of 23 persons—only two of them Lebanese—in connection with a spate of small bombings, and said its security forces had found four caches of arms and explosives.

the can "outside where it would melt a little of the snow."

Many Police Calls

Police estimated they received more than 1,000 calls during the three days when Erie was buried under snow. Expectant mothers called for medical help, families reported they were out of fuel, others asked for badly needed medicine.

Inspector Frank Hoetzel said, "We handled all we could personally and turned the others over to the Civil Defense and the Red Cross."

Iraq protested for the second time about bitter anti-Iraqi broadcasts over Damascus radio and appealed for American jet planes and anti-aircraft guns for defense.

Jordan, on Syria's western border, was reported turning to the United States for economic aid to supplant British help she is giving up at the demand of Arab Nationalists.

Turkey Recalls Minister

Western Allied Turkey, after bitter words about "war preparations in Syria," recalled its minister from Israel in a conciliatory gesture toward the Arab States. The United States of the Arab world in support of Egyptian President Nasser appeared frayed by the emergence in Syria of a dominant military group of pro-Soviet officers, headed by young Col. Abdul Hamid Saraj.

Although the officers are not themselves Communists, they place a high value on Soviet arms and Soviet political support. They came to power under a declaration of martial law proclaimed the day fighting broke out in Egypt. The developments coincide with

the decline of British influence in the Middle East, already worn thin before Britain and France invaded the Suez Canal.

Seek U. S. Friendship

Even inside Syria, there is a hope in some political circles that the United States will supplant Britain as the friend of the Arabs. The extreme leftist elements still carry a torch for the Russians, but other factions who fear the possibility of making friends with the United States. This is a far cry from sentiments these same men expressed publicly just a few weeks ago, when it was the fashion to tar the United States with the same imperialist stick used to belabor all the West.

Munir Ajlani, a Syrian independent who is not pro-West but who is strongly anti-Communist, said in Parliament a week ago that Syria is grateful for Soviet aid but it does not want communism. "The position of the United States (in the Egyptian crisis) is noble and just," he said, crediting America with probably having brought about a cease-fire and preventing World War III.

Arabians Eye Syria

King Ibn Saud of Saudi Arabia, King Faisal of Iraq and his cousin, King Hussein of Jordan, apparently are watching the developments in Syria with considerable alarm. The Arab rulers may have seen a danger that Syria might become the first Soviet satellite in the Arab world.

3 CLEVELAND PAPERS RESUME PUBLICATION

CLEVELAND (AP)—The presses of Cleveland's three major daily newspapers begin rolling today for the first time in 26 days. By afternoon, two of the papers will be landing with familiar pllops on steps and porches.

The newspaper famine started when one union struck one of the newspapers. It ended last night as the Photoengravers Union became the last of eight unions to ratify new two-year contracts with all three newspapers.

Upon the agreement with the photoengravers, all three newspapers immediately began phoning their employees with instructions to return to their jobs.

The Cleveland News and the Cleveland Press, both afternoon papers, said they would publish today. The Cleveland Plain Dealer, a morning paper, plans to publish its Wednesday morning edition.

Guild Calls Strike

A strike by the Cleveland Newspaper Guild against the Cleveland Press, a Scripps-Howard paper, started the situation that left Clevelanders without their accustomed sources of printed news for nearly four weeks. Publication at the Plain Dealer and the News subsequently stopped when union truck drivers refused to haul copies which included the nameplate of the struck Press.

On Nov. 15, the Guild ratified two-year contracts with the three papers calling for a weekly increase of from \$4 to \$6.50 weekly the first year and \$2.50 the second year, thereby ending its strike against the Press. The old minimums were \$122.50.

But the papers did not resume production. A spokesman for the publishers said they would not begin operation until all right unions came to terms.

One by one, the other unions approved new contracts until only the photoengravers were left.

Last Friday night, the photoengravers voted 80 to 50 against an offer by the publishers. Negotiations continued and last night the union voted 141 to 39 to accept a contract calling for a \$4.50 weekly pay raise the first year and \$3.50 the second year, the same wage provisions approved by other craft unions.

The base scale for photoengravers under their old contract, which expires Nov. 30, is \$122.55.

NEW STYLE—This formal fashion for men features single breasted white rayon jacket with shawl collar. Black trousers and tie with satin cummerbund complete outfit.

SAYS HARD WORK

(Continued from Page 1)

Ruth probably struck out more than any other player, but he knew that the more often he was in there slugging, the more likely he was to hit a home run. Each strike out then brought him closer to the next homer.

"One other thing we must remember and that is that it takes years of apprenticeship to become a champion. You do not leap overnight into great knowledge. Each of us has already gotten a start, we need but work along the way we are going. Each of us can become the best of whatever we are."

Bennett was introduced by John A. Hauser, president of the C. H. Musselman Co. President John Hostetter presided at the meeting with 64 present.

PLANS CLAMP ON CERTAIN OFFICES

PITTSBURGH (AP)—If Rep. Maurice H. Goldstein (R-Allegheny) has his way, members of the General Assembly will not be permitted to hold appointive county or city offices.

Goldstein said on Sunday he plans to introduce a bill at Harrisburg next January which would prohibit legislators from holding such jobs. In a statement, he declared:

"It is not sound government for an appointed employee of the city of Pittsburgh, County of Allegheny, or any other municipal sub-

day evening, December 10, at 7:30 o'clock when fifty-cent gifts will be exchanged. There will be no business session that evening. The decorating committee includes Mrs. Bushman, chairman; Mrs. McCrorie, Mrs. Pinko, Mrs. C. William Zhea, Mrs. John Diehl, Mrs. Eugene Sickles and Mrs. Gormley.

The refreshment committee includes Mrs. Stanley Buntin, chairman, Mrs. Clark Stahl, Mrs. Prindler and Mrs. Gormley.

Buy Xmas Gifts
Plans were made to purchase ice skates for Lloyd Aldridge, a student at Scotland School adopted by the auxiliary, for his Christmas present. Members were reminded that November 30 is membership roundup day and dues will be payable then. Mrs. Bushman is the membership chairman.

The meeting opened Monday evening with the singing of "Faith Of Our Fathers" with Mrs. Hartzell as piano accompanist. A reading on the meaning of the hymn followed group singing. Mrs. William McCrorie won the pig-in-a-poke donated by Mrs. Hartzell.
